WANT EXCLUSION OF ALL JAPANESE

Veterans of Foreign Wars Adopt Resolutions To Bar Jap Immigrants From U. S.

Would Abrogate "Gentleman's Agreement" Between United States and Japan

(By Associated Press)

Washington, September 15.—Exclusion of all Japanese immigrants was urged today in a resolution adopted unanimously by the Veterans of Foreign Wars, holding their annual encampment here.

Abrogation of the "gentleman's agreement" with Japan and amendment of the Federal constitution so as to make children born in this country eligible to citizenship only if both parents were eligible, were also favored.

BORAH TALKS IN DAYTON

(By Associated Press)

Dayton, O., September 14.—Asserting that if elected, Governor Cox "will scrap the policies of Washington and Monroe," Senator William E. Borah, Idaho, here tonight, declared the issue between Harding and Cox clear cut.

"Both candidates may be, for all I know in favor of some kind of a league, but as to the basis on which that league, if we are to have one, is to rest, there is a fundamental and irreconcilable difference," Senator Borah declared.

NINETEENTH AMENDMENT RATIFIED BY CONNECTICUT

(By Associated Press)

Hartford, Conn., September 14.—In defiance of Governor Marcus H. Holcomb, who in a message had said that it might not pass any measure save those which it had been specifically called to consider, the Connecticut General Assembly today in a special session adopted a resolution ratifying the 19th amendment to the United States constitution.

The Governor, taking the position that the rights of women to vote legally at the November election may be jeopardized by a decision in Tennessee which would nullify ratification by that state, personally gave notice to members by a proclamation of a special session to be held next Tuesday specifically to act upon the 19th amendment. Although legislation today ratified the amendment, the coming special session will again do this.

ANTIS DISCUSS PRESENT OUTLOOK

Enforcement of The Prohibition Amendment And Plans For Coming Fight Taken Up By Drys

Powers To Enforce Law Rests With National And State Government Says Wheeler

(By Associated Press)

Washington, September 15.—Enforcement of the prohibition amendment, plans for the fight before the next Congress to prevent modification of the enforcement act, and world prohibition were the principal topics before the conference of Anti-Saloon League leaders, which began here today to continue through Friday.

Enforcement of the liquor amendment was discussed today by Prohibition Commissioner Kramer, Wayne B. Wheeler, general counsel of the Anti-Saloon League, and other speakers. Mr. Wheeler declared that national prohibition would never be repealed, but that it might be nullified. "The power to enforce national prohibition is given both to the state and nation," said Mr. Wheeler. "It is up to the people to see to it that federal and state officers do their duty in sustaining and enforcing the amendment."

"Local and state officers who are trying to evade responsibility in the enforcement of national prohibition should be removed from office."

CUTS OFF HAIR OF OHIO WOMAN

(By Associated Press)

Toledo, O., September 15.—A man who entered the home of Mrs. Edward Morgan last night gagged her and cut off her hair. She awoke to find herself in the grasp of the intruder who used shears he had found in the home. He took a dollar bill found in a dresser.

STUDENT GETS PRISON TERM

(By Associated Press)

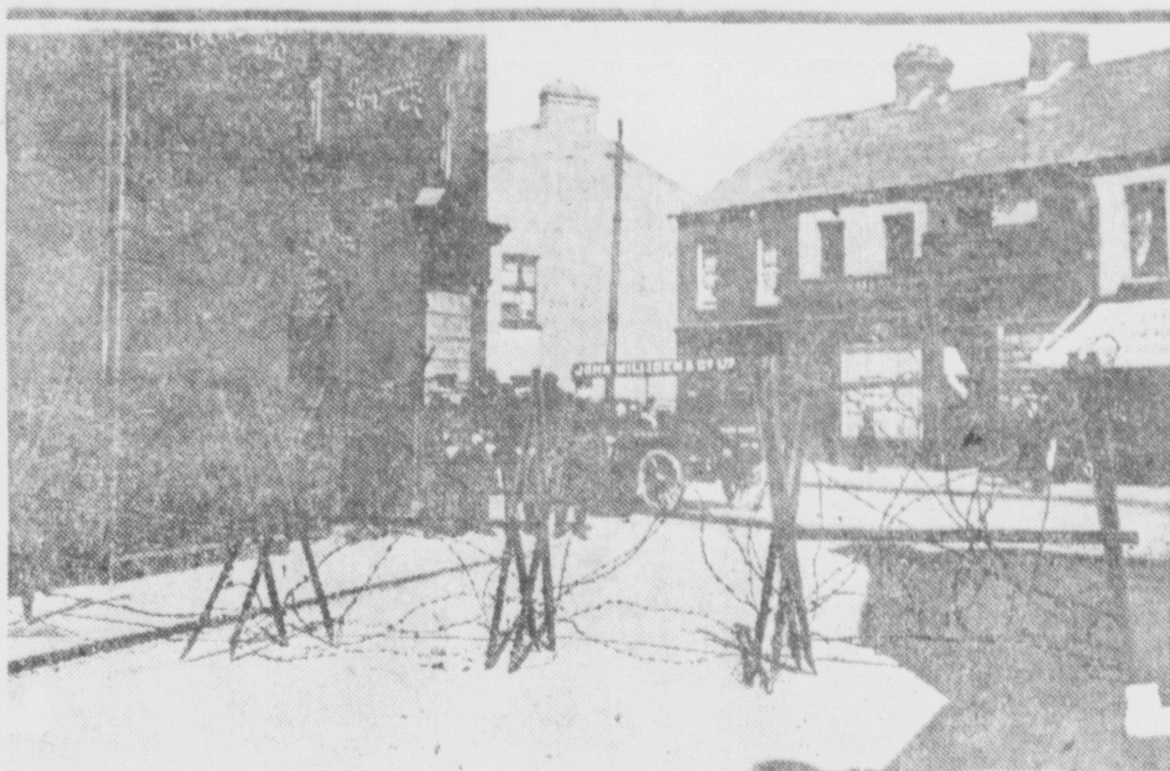

Woodville, N. H., September 15.—Robert T. Meads, of LaGrange, Ill., Dartmouth College junior who shot and killed Henry E. Maroney, of Medford, Mass., a fellow student, after a drinking bout in a college dormitory last June, pleaded guilty to manslaughter today. He was sentenced to serve from 15 to 20 years at hard labor in the state prison.

FRENCH RULER IN BAD HEALTH MUST RESIGN

(By Associated Press)

Paris, September 15.—President Deschanel will undoubtedly be obliged to resign because of his ill health and the question of the presidency will be taken up by the Cabinet Friday, according to a semi-official communique issued this evening.

BARBED WIRE ENTANGLEMENTS BEING USED IN IRISH WAR

Barbed wire entanglements blocking Seaford street, Newtownards Road, Belfast.

In some of its aspects the present war in Ireland is not unlike the great world war through which Europe has just passed. Machine guns have been used by the British, and barbed wire entanglements have also been employed. Photo shows how entanglements were used to block one of the approaches to the storm center of a recent riot in Belfast.

GOV. COX RAISES FIGURES ON FUND

(By Associated Press)

Boise, Idaho, September 14.—A fund of from \$25,000,000 to \$30,000,000 is being raised to defeat him Governor Cox declares today during his tour of Idaho and eastern Oregon.

The Governor's statement was made in response to a question from his audience asking how he expected to return conditions to normal "when 80 percent of the wealth is held by two percent of the people."

"If eighty percent of the people will forget their politics," the Governor replied, "and help me lick the two percent that is raising a fund of from twenty-five to thirty million to beat me, we will make the government an agency for the 100 percent and not the two percent."

The league of nations was preached by the governor in all his addresses and was emphasized here in the home city of Senator W. E. Borah, Republican "irreconcilable" foe of the league. By a coincidence, Senator Borah was speaking tonight at Dayton, O., Governor Cox's home.

BITTER FIGHT AROUND POLLS BALLOTS TAKEN

Chicago Scene of Violations Of Law During State Election

One Precinct Kidnaped By The Opposition--Vote Record One

(By Associated Press)

Chicago, September 15.—Voting in Illinois state primaries opened in Chicago during the morning hours with indications the total vote cast here might reach 500,000, considerably more than half the number registered.

Up to 11 o'clock one precinct complete had been reported kidnapped by the opposition. Four arrests had been made and one of the special deputy sheriffs sworn in by Sheriff Peters to guard the ballot boxes had been ousted by a policeman. The weather was fair here.

HARDING BUSY ON ADDRESS ON CONSTITUTION

Harry M. Daugherty On Way To Chicago To Complete Itinerary of Western Tour

Expect To Finish Itinerary On Thursday

(By Associated Press)

Marion, O., September 15.—With a day virtually clear of appointments Senator Harding was at his desk early today to work on his next front porch speech, which will be delivered here Friday to delegations from several Ohio counties.

Friday has been designated "Constitution Day" by the Republican National Committee and the nominee is expected to make constitutional government the theme of his address.

Harry M. Daugherty, the Senator's pre-convention manager, conferred at length with him last night on plans for the proposed western tour.

Daugherty left at midnight for Chicago, where the itinerary will be completed at a conference with leaders there. He said it probably will be announced tomorrow evening.

638 MUSICIANS IN HUGE BAND DURING PARADE

Brilliant Parade Features Annual Conclave Knights Templar.

(By Associated Press)

Cincinnati, O., September 15.—A brilliant parade was today's feature of the seventy-eighth annual conclave of the Knights Templar of Ohio. Thousands of spectators visited the street parade.

After the parade had passed the reviewing stand, the bands, a score in number, massed themselves in a single formation and returned past the stand.

The band thus formed was the largest ever seen in Cincinnati. It was sixteen men in width, a hundred and sixty-eight feet long and contained 638 musicians.

HOSTILITIES ARE RESUMED

(By Associated Press)

Warsaw, September 15.—The Lithuanians and the Poles are again engaged in hostilities, it is announced in tonight's Polish official statement. Fighting has been resumed between the two forces near the German border.

CHARGES SMALL GROUP TO RULE

Roosevelt Declares G. O. P. In Grasp of Small Group

Believes League Is Only Way To Prevent Future Wars

(By Associated Press)

Worcester, Mass., September 15.—Franklin D. Roosevelt, speaking to several hundred men and women in an open air meeting today said the Republican party leadership had fallen into the hands of "the little gang of leaders who in 1912 made necessary the revolt of the Progressive element of the party from their rule."

He declared that once again the control of that party is vested in the hands of that little group which for many years has been in close touch with special interests throughout the nation and has shown by its pockets and domination of the country by a few friends than it does for the broad interests of the public throughout the nation.

"Most of us hope," he said, "that that theory of governing had passed out but today we see it revived in the shape of the senatorial oligarchy and in the theory the Republicans are advocating of conducting the presidency of the United States as a syndicated presidency with a few hand-picked friends in on the ground floor. Governor Cox and I say definitely and clearly we are not afraid of the league of nations and we propose to have the United States ratify the treaty of peace and the league of nations. We believe this is the best, if not the only way in which future wars can be avoided."

GROWS WEAKER

(By Associated Press)

London, September 15.—Little change in the condition of Lord Mayor Terrence MacSwiney of Cork was reported this morning by the physicians of Brixton Prison, where MacSwiney is incarcerated. In his report to the home office, however, the physician declared "increased weakness" was noticeable.

WILL ASK WILSON TO AID PARTY

President May Make Speeches To Assist Democratic Cause During Campaign

Will be Asked to Render Active Assistance To Cox And Roosevelt

(By Associated Press)

New York, September 15.—President Wilson will be requested to participate actively in the present national campaign, Senator Harrison explained, was that the President's health was not thought to be good enough to permit his indulgence in the ardor of a campaign.

The reason President Wilson had not previously been asked to lend his aid to Cox and Roosevelt, Senator Harrison explained, was that the President's health was not thought to be good enough to permit his indulgence in the ardor of a campaign.

"We certainly do want the President to do all he can and have received assurances his accord with the Democratic ticket is of the heartiest," Senator Harrison said. "We were surprised to learn from a newspaper item today there was some likelihood of President Wilson doing some speaking. There is nothing we would like better."

RABID ATTACK BY SOCIALIST IN CALIFORNIA

Calls Cox and Harding "Gold Dust Twins" And Defends Debs.

"Debs Against Dubs" Says Stedman

(By Associated Press)

San Francisco, September 15.—Seymour Stedman, socialist candidate for vice president, in a speech here last night referred to the Republican and Democratic parties as the "gold dust twins" and said the "paramount issues seems to be which has the smaller campaign fund, Cox or Harding."

"J. P. Morgan & Company support Cox; Gary and his assistants of the steel trust support Harding," he said. The slogan of the Socialist campaign is "Debs vs. Dubs."

MAIL AVIATORS BURN TO DEATH DURING FLIGHT

(By Associated Press)

Cleveland, September 14.—Air mail Pilot Walter Steven and mechanic Russell Thomas, both of Cleveland, were burned to death at 3 o'clock today when their plane caught fire at an altitude of five hundred feet at Pemberville, Ohio, fifteen miles south of Toledo.

Steven and Thomas were flying for Chicago with mail. Before departing today, he told friends at the flying field that this would be his last trip, as he had resigned. Thomas leaves a bride of four days.

FEDERAL JUDGES WILL GET WARNING

Anti-Saloon League Decides To Give Notice That Sacred Duties Must be Carried Out Under Dry Law.

Impeachment is Alternative Held Out On Failure To Enforce Prohibition Act

(By Associated Press)

Washington, September 15.—A committee was appointed today at the Anti-Saloon League conference here to draft a resolution warning federal judges that unless they "sacredly perform their sacred duties" in enforcing prohibition laws, the league will seek their impeachment.

The committee named by the Reverend P. A. Parker, general superintendent of the league, after speakers at the conference had vigorously criticized federal judges for alleged laxity in meting out punishment to those convicted of violating the prohibition amendment and enforcement law.

Wayne B. Wheeler, general counsel of the league, declared the warning to the federal judiciary should be "clean cut" notice to all that official obligations must be observed.

Mexico City, September 14.—Rebel forces headed by General Felipe Pineda, have seized the town of San Cristobal, in the state of Chiapas, according to advices received at the war department.

MRS. W. M. P. SMITH, OF LOS Angeles, Calif., who says Tanlac completely restored her health when one believed she would ever be well again. Has gained thirteen pounds.

"I will never stop praising Tanlac, for it has restored my health when everyone who knew of my dreadful condition had no idea I would ever get well."

"Two years ago, following an accident, I began suffering from indigestion and severe stomach trouble. I grew worse so rapidly that my health soon became perfectly wrecked. My stomach became so weak I couldn't eat the simplest food or even drink a glass of milk without suffering for hours afterwards. I was extremely nervous, and would have palpitation of the heart so badly at times I would almost faint. My circulation was very poor, I had no color, and weighed only eighty-one pounds. It seemed I was just gradually starving by degrees, and I had almost given up hope."

"After the best medical treatment failed to help me, travel and a change of surroundings was advised, so I traveled nearly all over the United States and had treatment every place I went, but always with the same disappointed results. How I stood my suffering is more than I can tell, and I became so despondent that life seemed hardly worth living."

"That is just the condition I was in when I began taking Tanlac. When my husband first suggested Tanlac I told him I had no faith in it, but the next day he bought me a bottle, and to my great surprise it seemed to agree with me, so I kept on taking it. The results speak for themselves."

"I have gained thirteen pounds in weight, and I feel perfectly well in every way. My appetite is splendid and I eat just anything I want and never have the slightest symptom of indigestion. I am so happy over the recovery of my health that I feel just like telling everybody about this wonderful medicine."

The above remarkable statement was made recently by Mrs. William P. Smith, a well known and highly respected resident of Los Angeles, Calif., residing at 139 East Avenue 36.

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by L. W. Murphy and in Millersville, E. L. Ford Sons, Lee Ortman, Selden. — Advt.

DEATH-DEFYING ACTS ON WIRE

Marvelous Mills and Harry Dunn Give First Performance of Elephant on High Wire Tuesday Evening.

On a five-eighths inch wire cable strung 75 feet in mid-air between the Allen and the Dale buildings on West Court street, Marvelous Mills and Harry Dunn, forming the combination known as "Jumbo Jr." gave their first act in this city at ten-thirty o'clock Tuesday evening and while thousands gazed in wonder and astonishment, gave their act advertised as "The Elephant on the Wire."

Marvelous Mills is the same man who was in this city last summer with the Empire Shows. He was born at Greenfield and now makes his home in Chillicothe he is assisted by Dunn in his acts of the elephant. Mills states that he has been doing the elephant stunt for the past year but that he has been walking the tight wire for five years. He is 25 years old.

Toe the tune of the latests waltz Mills skipped about on the wire Tuesday evening and sent shivers down the back of those who stood in the streets many feet below. His run on the wire and his act of standing in a hard can on the wire are features of his performance.

Mills carries a balancing bar 28 feet long and which weighs 60 pounds. Mills says that as far as he is able to find out it is the only picked plate pole in existence used for this purpose.

His act each evening at ten-thirty o'clock and sometimes in the afternoon is certain to prove a great drawing card during the week, Festival committee members declare.

CASTING DISPLAY DRAWS ATTENTION

One of the most interesting of the large number of attractive displays in the booths of the Fall Festival, is that of The Washington Metals Products Company, Washington's new foundry concern, located in front of the Christopher Drug Store and open day and night.

A large number of grey iron castings, some of the most difficult type to cast, are on display, together with iron, pig iron, coke, patterns and other interesting items involved in the production of castings.

One of the most difficult castings to produce is a frame for the Detroit Automatic Scales Company, and these are shown as flawless together with dozens of other types, some of them almost equally difficult to make.

After viewing the exhibit local citizens are realizing more fully the magnitude of the new industry, and from the courtesy shown by the men in charge are becoming better acquainted with the genial men at the head of the enterprise.

PLENTY OF SPEED ENTERED IN GRAND CIRCUIT RACES

Columbus, O., Sept. 15.—The two Thursdays which will be utilized in the two weeks of Grand Circuit racing here starting next Monday promise to be brimful of speed. On those two days the two free-for-all races are to be decided and in the entry list is included probably the greatest galaxy of star side-wheelers which ever met in a single race. The prospect of seeing Directum J. Arlon Guy, Sanardo, Russell Boy, Single G and one or two others of the same calibre meet in competition is indeed alluring.

In the futurities some other great races are promised. The showing made in the eastern end of the Grand Circuit of Lucile Harvester and Arlon

Guy means that Great Britton, Miss Em, Natalie the Great, Jane the Great, other crack three-year-old trotters will have to look to their laurels when The Horse Review and Western Horseman Futurities are decided here.

The aggregate distance traveled by horses in reaching Columbus for this banner meet would be more than sufficient to carry one of them around the earth more than twice. In the eight stake events alone, and not considering the five Futurities and the twenty-three class events, nineteen different states and the District of Columbia are represented in the entry list. Pennsylvania, California, Tennessee, New York, Indiana, Ohio, Kentucky, Illinois, Maryland, Washington, Massachusetts, North Carolina, Minnesota, Michigan, Nebraska, New Jersey, Alabama, Iowa, Maine and the District of Columbia are all bidding for a share of the \$23,000 which will be given to the winners in the eight stake events. The entry purse list is \$75,000.

FESTIVAL WEEK FLYER IS HERE

Many Taking Advantage of Opportunity For Air Ride.

Aeroplane riding at this time of year is some sensation and can be vouched for by a Herald reporter who took a trial flight Tuesday evening around the city piloted by Hubert Spire, who with his brother, Clarence are here with their aeroplane from Lancaster to carry passengers during Fall Festival week.

The Spire brothers are skilled aviators who have taken up flying as an after-the-war business and have entered into the passenger carrying business. They will be stationed just outside of town on the Greenfield pike.

As airplane riding is becoming more common down goes the price; it was formerly fifteen dollars for a fifteen minute trip but the Spire brothers have put a crimp in this form of H. C. L. by knocking off a third of this amount.

Views of the countryside beyond all comparison are afforded only through trip in an aeroplane and never have the farms been more beautiful or the country roads streaked more whitely towards the surrounding villages.

At a height of over two thousand feet the city is a wonderful little group of toy blockhouses grouped around the court house with the myriad colors afforded by the Fall Festival displays showing clearly along the streets.

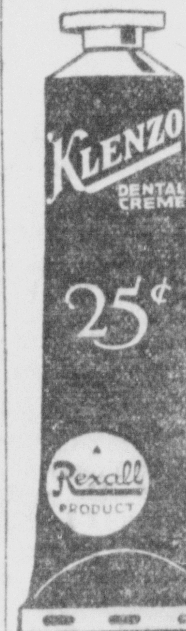

HEADQUARTERS WILL BE BUSY THIS WEEK

Republican and Democratic headquarters will be busy places during the Fall Festival. During their time in this city the political speakers will be located around their respective headquarters and both offices have been supplied with great amounts of political literature which will be passed out to all visitors.

Republicans have erected a booth on Court street which will be in charge of Miss Ruth Hegler. It was announced at Democratic headquarters that no plans had been made for a Democratic Booth.

SILLO COLLAPSES TWO MEN HAVE NARROW ESCAPE

Steel Silo, Lacking But Four Feet of Being Filled, Crashes to Ground Late Tuesday Evening Near Jeffersonville.

Entailing a loss of hundreds of dollars a huge galvanized steel silo on the J. L. Rothrock farm on which Warren Bryan is tenant, near Jeffersonville, collapsed Tuesday evening while it was being filled.

Several acres of corn had been poured into the great container and it lacked but four feet of being filled when workmen on the cutting machine notice the silo giving away. The whistle of the engine warned the two men in the inside and they had scarcely climbed down a ladder from the top window when it burst and fell.

The silo alone is an estimated loss of a thousand dollars. Tons of shredded corn will also be almost a total loss.

Thickening the plot may thin the audience.

FINDS HIS WIFE BUT MAN ESCAPES

Madison Countian And Sheriff After Elopers.

Deputy Sheriff A. C. Nelson, in company with Ed Goldrick and the Deputy Sheriff of Madison county, made a trip to Highland county, Tuesday, in search of Goldrick's wife, formerly a resident of this city, who was alleged to have left her home with a man named Crawford.

The officers were armed with a warrant for Crawford but he could not be located, and the woman and two children were found and returned to Madison county where the woman was wanted for abandoning two small children in Madison county.

JULIAN STRONG FOR THE LEAGUE GIVES REASONS

Democratic Candidate For U. S. Senator, Wm. A. Julian Among Speakers On Wednesday.

Covers Many Subjects In Address to Large Audience at Fall Festival.

William A. Julian, democratic candidate for the U. S. Senate in his address to the Fall Festival crowd assembled at the speakers stand in front of the court house, Wednesday afternoon strongly supported the League of Nations, discussed foreign trade, the housing problem, federal reserve act, labor, and the Newberry issue.

Mr. Julian said in part: "It has been through organization alone that labor has been able to win that recognition which means better pay, better conditions and a fairer share of life's comforts for the workers and their families. It is a sad commentary on our vaunted progress to be compelled to admit that the group of reactionary capitalists is still so large; the group which regards labor as a commodity like pig iron. They desire to be let alone in their mad scramble for profits.

The housing problem, Mr. Julian declared, had grown so big that it passed the solution of the individual and should be made a matter of govern-

mental action. "We must take care of our housing conditions. We must build more houses, we must encourage families to own their own homes and we must protect them from the rent gougers who are thriving in this period of scarcity of homes."

Foreign trade and its importance to the farmers and manufacturers of this country as a market for stabilizing prices and opening up new markets was briefly discussed.

He commended the federal reserve act as the most forward looking piece of financial legislation that ever has been enacted.

Mr. Julian declared that he favored "a rigid economy in government expenditures this enabling us to reduce the cost of living and lessen the burden borne by the wage earner."

He again called attention to the expenditures of the republican candidates for office in primary campaign and declared if elected he would vote to oust Senator Newberry, of Michigan, from the senate. Senator Newberry is under sentence of the federal court for buying his seat in the senate.

He declared for a league of nations and added that the present league provision "does not abridge the right of any racial entity to determine its own destiny no matter in what part of the world it may be, whether in Ireland, China or any other nation."

"The war is ended, which was fought to end all wars. Every enlightened and progressive member of the Republican party united in saying of this war; that piling up armament which means an increase in taxation, should cease. Militarism has been one of the principle causes of poverty and only by the completion of this program can we begin legislation looking to reconstruction and advancement."

OCTA IS PLAYING FAST ON DIAMOND

Octa has a baseball team this season and is playing regularly with teams in all surrounding towns. Next Saturday afternoon the Octa team, better known as the Bear Cats, plays Jamestown on the Octa field.

Last Saturday at Jamestown, the Jamestown American Legion Team, defeated Octa 19 to 7 and the Octa boys will be trying for revenge. The batteries were Gidding and Graves for the Bearcats and Tharoand O'Conner for Jamestown nine.

Last Sunday the Bearcats won a doubleheader, the first against West Lancaster 11 to 7 and the second game from Edgfield, 18 to 4.

In the athletic league of nations the United States occupies a dominating position.

TELLS WHY SHE BOUGHT SECOND BOTTLE OF DRECO

Dayton lady had tried many remedies for constipation, headaches, stomach trouble but none helped like Dreco did.

"I tried one bottle of Dreco, and it did me so much good I got the second one, and now I am buying the third, and I am feeling a whole lot better," said Mrs. Julia Bader of 321 W. Hartford St. Dayton, Ohio.

"I have suffered for years with a bad stomach trouble and all my food seemed to ferment and fill me up with gas, and cause awful pains. It felt like I was choking sometimes, and I could not swallow it down, nor spit it out. Constipation was a continual source of annoyance, and I often had splitting headaches, which nothing would relieve. My nerves were shattered and my sleep badly broken, for I would roll and toss all night long, and when morning came, would be exhausted.

"So many of my friends had tried Dreco, with such good results that I decided to try it also, and without a doubt, it has reached my case, for I now eat most anything I crave, and it never hurts me the slightest. I am never bothered with the gas or pains and the constipation has gone entirely. My nerves are much stronger and I get good full night's rest now, and wake up fresh and full of vigor. I haven't had a headache since the second day I started on Dreco. I certainly do recommend Dreco, for it has done me a world of good.

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christophers.—Advt.

No Change in Ford Cars

Recently stories have been circulated that the Ford Motor Company intended changing the present models of Ford cars. The following official announcement was received from the Ford Motor Company today.

Although it has been rumored throughout the country that Henry Ford is about to launch a new model, Ford officials say there is no new model under consideration at present. While minor changes may be made from time to time, 1920-21 production figures are based on the present car.

The factory is not able to make enough cars to meet the constantly increasing demand. With the approach of winter especially is this true of the enclosed cars.

Orders should be placed well ahead in order to insure delivery at the time you will need your car.

NOT AN ARREST DURING BIG NIGHT

So far not a single arrest has been made in this city, although a great many strangers are here for the week and a monster crowd thronged the city Tuesday night.

No trouble of any kind has occurred and none is anticipated although the police are keeping a close watch at all times and have taken extra precaution.

Wise is the man who is able to conceal what he doesn't know.

The Fading Reds

The National League pennant, the highest honor in baseball save, of course, the bunting which goes to the winners of the world series, will, barring only the happening of that which now seems all but impossible, be raised again in the nation's metropolis. The club which represents that part of New York known as Brooklyn seems sure of the flag of the older baseball organization.

The world's champions of last year—the Cincinnati Reds—seem to have disintegrated completely as a baseball machine. With practically all hope of winning the pennant gone the discouraged Reds play ball like a collection of amateur sand lotters.

Experts, while not characterizing the Cincinnati team's wonderful success last year as a freak, were nevertheless almost unanimous in declaring the team a one-time winner and giving to Manager Moran almost the entire credit for last year's showing.

The material was not there and the Reds have faded away. The winning spirit rushed the team through last year but this year, their craniums enlarged by last year's success, the team failed to hold together.

Anyway we saw one world's series in Cincinnati and that's something the present generation was not expecting.

Movies At Home

Charles Urban, known as the joint inventor of the Kinemacolor process, has produced a tiny motion picture machine which, if it works out as the inventor plans, can be operated by a child in the home and which is absolutely safe against fire. It is called the Spirograph because the film is run spiral shape like a talking machine record.

The machine is said to be unique in its simplicity and utility and has a special attachment for "eye viewing," whereby the picture can be seen by daylight and the machine used as an animated stereopticon.

If the new machine proves a success it will mean movies for everybody. Instead of spending evenings at home with books or talking machines, there will be a handy little movie all your own. Motion picture records will be as much a part of the home as talking machine records and the inventor of the Spirograph expects it to be even more widely distributed than the talking machine. He even goes beyond that and expects that the Spirograph will create libraries of motion picture records probably public libraries, certainly dealers' libraries, where records can be exchanged for so much a week.

Whether, should this new invention prove a success, the motion picture, in its miniature form, introduced in the home will be also be a success remains to be seen.

The photo-drama is a big factor in the world of amusements. Whether as a quiet entertainment at home, away from bright lights, a sympathetic audience and gay music, it would appeal strongly, is a mooted question. But the home movie machine invention is full of interest and possibilities for all that even if it does not successfully rival the screen version of the acted drama in the lime-light.

A Regular Job

The fair price commissioner of Kansas has issued an ultimatum to the fair milliners of Kansas that he is going to fight it out with them on their own line if it takes all winter.

Their line being millinery, the battle will be waged over women's hats and will include not only the high price of the bonnet but the extreme style in bonnets—to which it seems the doughty commissioner has taken violent exception.

Let it never be said that there are not brave men in Kansas. Here is a crusader of the original type, who has the courage to face not merely one but many women in a combat that will be bitter, to say the least.

Already a commission has been appointed to investigate and the retail milliners have been summoned to the bar of judgment.

We cannot but admire the intrepid commissioner. The press accounts do not say whether he is married or single, which would be interesting to know. But power to him. He's a brave man.

POETRY FOR TODAY

PASSING OF FIRE HORSE

They took him out for his final run,
The fire horse passes—his day is done
A thing of steel with no living charm
Will now respond to the wild alarm.

A fire horse heaven would be too tame
That gave him naught of his well-loved game;
Perhaps he yearns for the nether world
Where flames are leaping and smoke clouds whirled.

When there he thunders upon his quest
And comes up galloping, three abreast
His work shall tell in the old-time way
The fire shall die till another day.

POSSIBILITIES OF THE ILLINOIS ELECTION TODAY

Battle Is On Between Chicago City Machine And State Machine

BY MARK SULLIVAN
(Copyright 1920)

Chicago, September 15.—Illinois, in primaries today will name Democratic and republican candidates to succeed Senator Lawrence Y. Sherman in the senate. Senator Sherman is not a candidate for renomination.

For the Republican nomination to succeed him there are two principal candidates, William B. McKinley and Frank L. Smith. A third candidate, B. M. Chipfield, is generally expected to run last in the race.

Both McKinley and Smith are now members of congress. McKinley has served a longer term, having been in congress steadily for sixteen years, except for one term. In Washington he is regarded as surefooted and sensible, without pretensions to brilliance. He is a business man and has made his career the development of a large interurban trolley service in Illinois.

Smith is a congressman of shorter service, being now in his fourth year. His service has been too brief to make any particular impression at Washington. He is a banker.

The fight between McKinley and Smith is part of a larger fight, which is one of the bitterest Illinois has ever known. It extends from Governor straight down the ticket to the lowest office. The contending factions are the Chicago city machine, led by Mayor Thompson, and the state organization, led by Gov. Lowden. This is the first year in which these two organizations in Illinois Republican politics have attempted to trespass on each other's territory, and the fight is extremely bitter.

On the Democratic side there are two candidates for the Senatorial vacancy. It is believed that a down state glove manufacturer, Peter Waller, will get the Democratic nomination; but it is believed that the Republican nominee will win the election in November.

Aside from the senatorship, there is one other aspect of this Illinois fight that is of national interest at least if not of national importance. Because of complexities in the situation too devious to follow here, it is possible that the outcome of the primaries today will lead to a situation which might result in bringing to the Governorship of Illinois, at the election in November that humming bird of American politics, ex-Senator J. Ham Lewis.

Ford

THE UNIVERSAL CAR

During all the years the Ford Model T One Ton Truck has been on the market, we have never had one complaint of rear axle trouble. We have had no complaints of motor trouble. As the motor and the rear axle are the vital fundamentals in a motor truck, we have the right to conclude that the Ford One Ton Truck has not only met the demands of business, but has done so in a satisfactory and economic way. There is no other evidence so convincing as that which comes from long practical experience. Ford One Ton Trucks are serving along all industrial and commercial lines. You will find them everywhere. If these statements were not facts, the demand for the Ford One Ton Truck would not be as large as it is, because people are not buying trucks which do not give service. Coupled with the dependability of the Ford One Ton Truck in all classes of usage, comes the economy in operation and maintenance. On the farm, in factory delivery, for the merchant, manufacturer, and contractor, in these days of modern business methods, this worm-driven One Ton Ford Truck has become an actual necessity. RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Miss Jean Palmer, daughter of Mr. and Mrs. Paul Palmer, and Mr. Robert Earl McCoy, son of Mr. and Mrs. F. M. McCoy were united in marriage at high noon Wednesday, the wedding quiet simple, although prettily appointed, at the home of the bride.

Twenty guests, confined to the immediate families and a few friends of closest intimacy, witnessed the impressive ring ceremony performed by Rev. J. L. McWilliams, of Wilmington. The home was effectively decorated with fall flowers and the bride and bridegroom took their places informally before a bank of potted plants, flanked on either side by baskets of pink and white gladioli and fall roses, arranged in the bay window of the living room.

The bride, who is exceptionally endowed with beauty and charm, was fair and lovely in a gown of white organdie trimmed in tiny ruffles. The bodice was made with fischu, in peplum effect, edged with ruffles and skirt finished with wide hem, white picot ribbon forming the belt, at which was fastened a beautiful corsage bouquet of pink and white rose buds, forget-me-nots and gypsophalia. Later for going away, she donned a suit of dark blue tricotine, with fall hat of black panne velvet, finished with jet ornament.

After the ceremony a wedding breakfast was served buffet fashion. Mrs. Eastman catering. The bridal table was very pretty with cluney set and flowers in graceful arrangement. While there had been no previous announcement of the marriage, the good wishes of many friends, now being freely extended, also found expression in a number of handsome gifts.

Mr. and Mrs. McCoy left soon after the breakfast for a few days motoring trip, accompanied as far as Columbus by the bride's sister, Miss Emily Palmer, and Mr. Albert Briggs. Upon their return they will go to house-keeping on Sycamore street in half of the Ireland double house.

The marriage is of much interest to a large family connection and a host of friends. Mr. McCoy is one of Washington's well known young business men. For the past ten years he has been actively associated with local newspaper interests and for some time has been secretary and Treasurer of the Herald Publishing Company.

Mr. and Mrs. Clay Johnson, the latter a sister of the bridegroom, and Mr. and Mrs. Dana Dick, sister of the bride, were over from Dayton for the wedding.

Graduates and ex-students of Wilson College, Chambersburg, Pa., met with Miss Elizabeth Johnson for an informal tea to discuss the organization of a Fayette county Wilson College Club to raise its quota toward the \$500,000 endowment which it is hoped to have raised at the celebration of the golden jubilee, honoring the fiftieth anniversary of the founding of Wilson College, in October.

This is a movement in line with all

the leading women's colleges and it is especially desired since such an endowment is necessary to membership in the Associated Collegiate Alumnae. Bryn Mawr has raised \$3,133,823.00; Smith \$2,225,000.00; Vassar \$2,821,627.32; Wellesley \$2,899,935.47; Wells \$625,438.69 and other colleges in similar proportion.

The Wilson undergraduates are 100 percent for the endowment fund campaign. It was their contribution which largely built the swimming pool the biggest and best in any women's college in the country at a cost of \$18,000.

Wilson girls all over the country are raising money for this endowment. Mrs. Lida Johnson Young, the well known writer is contributing of her talent and Mrs. Newton D. Baker, (Bess Leopold when a Wilson College girl) has made for the Wilson Golden jubilee fund a phonograph record. Mrs. Baker's beautiful voice sings "That Wilson Chum of Mine" with such charm that every Wilson girl will want to add this record to her collection.

The "Wilson girls at tea decided to hold a "White Elephant Sale" September the 24th and 25th as a preliminary to making a drive for the local clubs quota.

Graduates and students from this vicinity, most of whom were at this meeting, were Mesdames William W. Westfield, George H. Hitchcock, Walter W. Hamilton, Horace C. Ireland, Howard Allen, Willard A. Creamer, Misses Margaret Fullerton, Lillian Davis, Elizabeth Johnson, Louise Weaver, Opal Moore. Three other Washington C. H. Wilson girls, Mrs. Ruth Dennis Creamer, in Los Angeles, Mrs. Helen Parrett Syester in Cleveland and Miss Blanch Stuckey, in Cincinnati, are doing their part in the drive.

Mr. and Mrs. Fred Clemens residing on the Jasper Mills road, delightfully entertained the members of the Selden Grange, Tuesday evening at the regular September meeting.

The literary program followed the business session and included impromptu talks and a very entertaining reading, "The Farmer's Ideal Wife" given by Mrs. George Cline. Edison music supplemented each number.

After the program Mr. and Mrs. Clemens invited their guests to their new garage where a large table had been placed loaded with watermelon and cantaloupes. A bowl of asters of different colors, formed a pretty centerpiece for the table.

"One of the wonders in the local dancing world is the popularity of the bi-weekly dances at Seladla, this county. Records for attendance have been established and all is due to the cordial treatment, fine floor and the splendid music—the motto being "Nothing less than the Best"—and O'Brien's Quintet. Friday evening was still the best. Five clean, hand-

some, young men gave the dancers four hours of real entertainment. This music has contracted with Springfield parties for six nights per week from October to May. Guests were present from Columbus, South Charleston, London, Washington C. H., Circleville and even as far as Chillicothe. Nobody can excel the Sedalia folks in doing things right.—Madison County Democrat.

"The Alpha Xi Delta sorority of Wittenberg college gave a luncheon in the Peacock dining room of Hotel Bancroft Tuesday in honor of its new pledges.

They are: Miss Ruth Linn, Miss Lucille Netts, Miss Dorothy Thompson, all of Springfield; Miss Edith Mann, of Dayton; Miss Edith Dinwiddie, of Washington C. H.; Miss Alice Geisenleifer of Gallion.

Twenty-two young women attended the luncheon.—Springfield Sun.

Miss Gertrude Conn, of Uniontown, Pa., Mrs. Carl Shure, and son Jimmie, of Canonsville, Pa., are visiting their aunts, the Misses Conn, of Paint street.

Renick Allen left Tuesday for Chester, Pa. to resume his studies at the Pennsylvania Military College.

Mr. and Mrs. Joseph H. Harper, Mr. Howard S. Harper arrived home Tuesday evening from a two weeks motoring trip through New York state and Canada, returning through Pennsylvania and W. Virginia. Mr. and Mrs. Vivian F. Crawford, of Akron, who accompanied them, left the party at Columbus, going on to Plain City for a few days visit with Mr. Crawford's parents before returning to their home.

Mr. W. A. Scott, of San Francisco, Cal., is visiting his sisters, Mrs. Benjamin Mershon and Mrs. Dan Kearns and family.

Miss Marie Allen of Milledgeville, who completed her course at Wittenberg College, in June, has accepted a teaching position in the Bloomingburg schools.

County Superintendent and Mrs. O. S. Nelson motored to Oxford, Tuesday, with their daughter, Miss Martha, who will attend the Miami University.

Miss Ruth Smith, of Selden, Ohio, is spending a few days of her vacation with Mr. and Mrs. N. M. Jones, of Zanesville, Ohio. Their son Mr. Oscar E. Jones and wife of Toledo are also visiting there.

Mr. Robert Sorenson, of Denver, Colorado, has recently been employed as factory superintendent of the Sunlight Creameries.

Mr. Stewart Garner left Wednesday morning for Miami, Florida, to spend the winter.

Miss Lulu Moore left Tuesday morning to attend the Miami University at Oxford.

Mr. Samuel M. Holbrook, of Akron, is a visitor in the city this week meeting many old friends. He is the guest of his sister, Mrs. N. M. Roberts. For the past eight years Mr. Holbrook has been at the Hotel Akron, as clerk.

After spending the week end with relatives in this city Richard Larimer returned to his home in Columbus Monday, to enter the Ohio State University.

Mr. and Mrs. Will Riddle are over from London, to spend a couple of days the guests of Mr. and Mrs. Charles McLean, while attending the Fall Festival.

Mr. and Mrs. Dwight Miller motored up from Greenfield to attend the Fall Festival on the opening night.

Mrs. Georgiana Glascock and daughter, Miss Helen, left Wednesday afternoon for Haskell, Okla., where they expect to spend several weeks at the home of Mrs. Glascock's brother-in-law, Mrs. Frank R. Glascock. Enroute they will spend a couple of days in Cincinnati with Mr. and Mrs. Albert S. Glascock.

Mrs. G. B. Franklin and son, Robert Bruce, returned the first of the week to their home in Evansville, after a visit of several weeks with Mrs. Franklin's parents, Mr. and Mrs. George C. Jenkins.

Mr. James Huston was the guest of Mr. and Mrs. George C. Jenkins Monday and Tuesday, enroute to his home in Charleston, S. C., from a visit Mr. Fred West, in Saskatchewan, Canada.

Mrs. Joseph Mark arrived home Monday from Denver Colorado, where she spent the summer with her sister, Mrs. P. F. Sharp. Mr. Mark spent some time with Mrs. Mark, and made a tour of the west.

Miss Wanda Mae Morris left Wednesday morning for Miami University at Oxford.

Dr. and Mrs. Roy E. Brown and Miss Dorothy Dick arrived home Wednesday morning from an eastern trip stopping at Baltimore, Md., New York City, Atlantic City and other points of interest.

Mrs. Isaac N. Lair, Jr., of Wilmington, is visiting her parents, Mr. and Mrs. E. L. Bush.

Mrs. Frank C. Reed arrived Tuesday evening from Ft. Thomas, Ky., to visit her father, Dr. C. V. Lanum, and Mrs. Reed's parents, Mr. and Mrs. J. L. Reed.

Mr. H. Samson and family left the first of the week for Tucson, Ariz., to spend the winter.

Mr. Lou A. Green was among the Chillicothe visitors at the Fall Festival Monday night.

Mr. and Mrs. Dean Waddell of Greenfield, were Fall Festival visitors Monday night. Mr. Waddell has an exhibit of the Waddell Phonograph in the booth of Craig Brothers.

Mr. Frank Smith, formerly of this city, was among the Wilmington visitors at the Fall Festival Monday night.

Messrs. James Depoy and Charles Carrothers, of Greenfield and Eddie Beth, of Wilmington, were here Monday night and played with Whelpley's Imperial Band.

FORD MODELS WILL NOT BE CHANGED

CITY SOLICITOR GIVES OFFICIAL OPINION ASKED BY COUNCIL

Holds Electric Company Bound By Rate Fixing Ordinance.

Cannot Be Relieved Save by Order of State Commission.

Exhaustive Resume of Facts And Law Contained In Opinion.

Complying with the request made by Council on August 20th, City Solicitor Troy T. Junk has given to Council his official opinion as to the legal status of this municipality in relation to The Washington Gas and Electric Company, especially "whether a contract exists between the City and The Washington Gas and Electric Company."

At the outset Solicitor Junk resolves Council's query into two questions: "First: Is the Company required by contract or otherwise to charge the present rates until May 10th, 1926 for electric current furnished by it to private consumers in the city of Washington?"

"Second: Can the Company be required by any contract or otherwise to continue to render electrical service to private consumers now being served by it?"

The opinion is quite lengthy and is an exhaustive brief on the subject, taking up the whole history of the controversy and recounting the Council's action and citing the governing laws of the state.

Solicitor Junk points out that on April 3rd, 1916 Council passed an ordinance fixing the electric rates for a period of ten years from May 10th, 1916. He points out that the law does not contemplate a contract but gives Council arbitrary power to fix rates regardless of the consent of the utility. But another section provides that when the rates have been fixed by Council and a written acceptance has been filed the arbitrary power of Council shall be suspended and a contract then exists between the City and the company.

He calls attention too, to the fact that while no written acceptance was filed by the Company, it did present bills to its patrons, on the back of which bills was printed a schedule of rates to be charged as fixed by the ordinance of April 3rd, 1916.

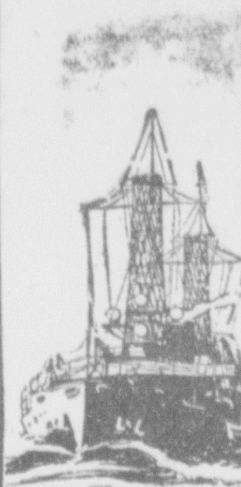

From those premises the Solicitor expresses the opinion that no contract exists and that that view is sustained by the decision of the Supreme Court in the case brought by the City against the Company.

After citing supporting authorities, in Court opinions, the Solicitor then states that the ordinance of April 3rd, 1916 fixing rates is valid and will be effective for a period of ten years from May 10th, 1916, unless modified or repealed by Council and that the Company is required to charge according to the rates fixed in that ordinance.

More extended discussion is given the second question, as to whether the Company can be compelled to furnish service. After a resume of the law and the decisions, Solicitor Junk concludes with the opinion that the Company operating under its franchise cannot lawfully withdraw from such service except upon application to the Public Utilities Commission and securing an order permitting such withdrawal.

In brief, the City Solicitor's opinion is that the Electric Company is bound to furnish current at the rate fixed unless relieved by order of the State Utilities Commission.

HARTMAN THEATER

COLUMBUS

A new and unusual musical comedy labeled by Arthur Hammerstein as an "oo proof punch" comes to the Hartman theater, Columbus, Ohio, Thursday, September 23, in "Always You" for an engagement of three days.

Irene Franklin and Ralph Herz head of the "undiluted" cast and the production, boasts a chorus which is said to outstrip all for youth and beauty. Oscar Hammerstein, 2d, grandson of the illustrious impresario, is responsible for the book and lyrics which go a long way toward the success that marked the New York run. Herbert Stetart wrote the score, which is characterized by joyous abandon in tilt and originality

For three days beginning Thursday, Sept. 20, the Hartman will offer "The Magic Melody" heralded as a "so different" comedy with music.

Sunday night, October 3, John Philip Sousa and his incomparable band will delight music lovers in a single concert engagement at the Hartman. It is one of the special events of the Hartman season and will be of interest to all lovers of music at its best.

HARDING APPEALS TO THE WOMEN

Urges All Women to Participate
In The Next Election As
Service To Nation

Declares The Republican Party
Offers Most To The Women
Voters.

(By Associated Press)

Marion, O., September 15.—In a message addressed to the Republican women organizations of America and the Women's Harding and Coolidge clubs, Senator Harding today set forth his views on women in politics and why they should align themselves with the Republican party.

"Our country," he said, "will be well served by the participation in politics of all our citizenship now justly augmented by the constitutional grant to women."

In his message he referred to the league of nations, declaring that "women are too wise and too fine in moral sense to listen to technical discussion tending to prove that having made a moral promise by an indefensible national agreement we should induce Congress to withhold action needed to perform our moral obligations."

"We must measure our obligations in determination to live up to them." "We must point out especially to women voters that our party offers to them the best hope of measures of social justice, aimed at preservation of our human resources and of the American homes."

UP-TOWN STREETS ARE ROPED OFF

The up-town streets, adjacent to the booths have been roped off to automobiles so that the lives of pedestrians would not be endangered, and so that ample space would be afforded for the thousands of visitors during the week.

Each day is expected to increase the attendance and every precaution is being taken to prevent accidents.

FARM Salesmen Wanted

Prospective farm buyers to the number of 7500 each week are writing to or calling at our offices in America's twelve largest cities as the result of our country-wide advertising.

We have sold more than 21,000 improved farms. We now wish to secure the services of reliable men to act as our local representatives in desirable farming sections in Wisconsin.

The capital, business methods and reputation of the largest farm agency in the world, established in 1900, will be behind you and if you will do your part, your success is assured. Unless you have been successful in other ventures and enjoy the respect and confidence of your townsmen, do not apply. Previous experience not necessary, but you must own an automobile.

Our business is paying capable men \$3,000 to \$7,500 yearly. State all particulars in first letter regarding your age, business experience and whether you are a property owner. All communications and information will be held in strict confidence.

UNUSUAL BOOTHS ATTRACT NOTICE

Several individual displays are attracting the attention of the Fall Festival crowds in more than a passing manner.

One of these is the floral booth on Court street arranged by the Buck Greenhouses which is filled with the most beautiful of the season's blossoms. Florist Jensen has brought the finest flowers to the greenhouse to the booth, and most prominent among these are great chrysanthemums of all colors.

A unique booth is that of the Cissna Elevator. The exhibit consists of an exact replica of the Cissna's elevator, constructed to an exact scale with the real building from white and yellow corn, wheat and oats. Virgil Vincent is the designer and architect.

Music heard all over town is being produced by a magnavox at the Craig Bros. Booth. It has the volume of a band and is clearly heard in the residence districts. Soloist Clem DeBruin of Winchester, who is giving vocal selections with the Whelpley Band, sang through the magnavox Tuesday evening.

ASKS DAMAGES FROM INJURIES

Former Health Officer Of
Jeffersonville Files Suit
Against Canner.

Five thousand dollars damages is the sum asked by D. W. Perkins, former health officer of Jeffersonville, in an action in common pleas court in which Homer Shade, connected with the canning plant in Jeffersonville is made defendant.

Plaintiff claims that on Sept. 16, 1919, while discharging his duties as health officer of Jeffersonville, visited the canning plant in Jeffersonville where defendant, employed by the cannery, assaulted him and inflicted injuries from which he has not recovered.

Plaintiff declares that the defendant pushed him down twice and in falling struck his head against a motorcycle, causing wounds which have not healed, and otherwise injuring him.

Perkins states that he is now 82 years of age and that the defendant was young, strong and active, and made dire threats against his life. Gregg, Patton & Gregg for plaintiff.

DEMOCRAT DAY DRAWS HUNDREDS

Governor of Arkansas Among Speakers Here Wednesday.

Democrat Day at the Fall Festival drew several hundred interested voters to the court house lawn, Wednesday afternoon, where Hon. William A. Julian, Democratic candidate for United States Senator; Governor Charles E. Brough, chief executive of Arkansas, and Paul E. Dye, opposing Congressman Fess for Congress in this district, were speakers.

Judge Joseph Hidy presided and quite a number of prominent citizens were on the platform during the speechmaking.

Mr. Julian was first to speak, followed in turn by Mr. Dye and Governor Brough.

All of the speeches were given close attention and the words of the speakers roundly applauded.

REV. MORRISON AT BLOOMINGBURG

Quite a number of errors crept into the report issued as the official list of appointments of Methodist ministers in the Ohio Conference, and one of these was relative to Rev. Laughlin, of Bloomingburg. Rev. Laughlin goes to Reynoldsburg and Rev. C. H. Morrison succeeds him at Bloomingburg.

Rev. F. E. Ross goes to Walnut Street Church, Chillicothe, and Rev. J. E. Walters succeeds Rev. J. V. Stone at Trinity Church, Chillicothe. Rev. Stone going to the East Main street church at Newark.

SPARKS SET BLAZE TO ROOF OF BARN

Sparks from a burning pile of refuse set fire to a barn at the home of Charles Gault at the extreme end of Columbus avenue, at 12:20 Wednesday noon, but little damage resulted before the department arrived on the scene and extinguished it without the aid of water.

It was the first alarm the fireman have answered in many weeks.

THOUSANDS OUT FOR OPENING OF FALL FESTIVAL

Great Industrial Parade An Eye-opener To Thousands Who Throng City Streets For Opening Night.

Lighting System Attracts Attention And Lines Of Attractive Booths Hold Interest.

With several thousand people in the city the Fall Festival was formally opened Tuesday evening in a most auspicious manner with parades, speeches, music, dancing, the hundreds of feet of attractive booth displays on exhibit and the numerous attractions had been arranged.

On behalf of the city Mayor V. J. Dahl delivered an address of dedicatory nature at the reviewing stand on Court street, Henry Brownell spoke in behalf of the merchants and manufacturers, and a representative of

the Knights of Pythias Lodge, Dr. R. M. Hughey voiced expression for the order, under whose auspices the Fall Festival was made possible.

Mayor Dahl turned the keys of the city over to the Pythian Knights during the festival and expressed hearty welcome to visitors and local citizens wishing them great success in the enterprise.

Mayor Dahl declared that events such as these contribute to place our city on the map and that the date of the great Fall Festival would go down in the history of the city as one of its epoch markers.

Industrial Parade

Marked by a trail of red fire that made the Festival spirit all the more apparent the greatest parade of its kind, the Industrial parade, passed through the city after having formed all evening on East street, and almost thirty minutes were required to pass the reviewing stand.

Headed by the Whelpley Band, to the tune of "Hail, Hail, the Gang's all Here" the marchers swung through the streets. Bursts of applause along the route were frequent as the crowds expressed appreciation of the decorated trucks. It was estimated that there were almost two hundred vehicular contrivances of all description in the parade.

Every form of industrial life was represented in the line of march.

Magnificent Exhibits

Scores of attractive booths had sprung into prominence as the hour of opening drew closer and all forms of exhibits known to an agricultural community were on display.

The booths formed the major attraction of the Festival on the first evening and thousands went the rounds time after time in order to see the displays and talk to the persons in charge.

As promised sometime ago the exhibit of the State Fish and Game department arrived and was one of the most interesting places. The exhibit contains pheasants, the golden, silver and ring neck variety, raccoons, skunk and fox.

Of particular interest to women were the many displays of domestic art materials and the tasteful manner in which they were shown. Music was plentiful, and all makes of record playing machines were in the booths.

It was announced at the information booth that the displays would be greatly enlarged on the second day of the Festival as some of the merchants had not been successful in getting their exhibits on the scene in time for the opening day.

Space allotted for the Auto Show had not been completely covered with canvass at the time of opening and this branch of the Festival could not be formed until Wednesday.

Carnival

The Barkoot Shows were grouped around the vacant lot on Hinde street extended their midway for two squares and lived up to their reputation of being the biggest shows of its kind on the road.

Riding devices of several kinds were on the streets both on North Fayette and West Market.

Music

Whelpley's Imperial Band occupied the reviewing stand following the parade for the concert and played liberally until after ten o'clock. Of special note was the solo work of Mr. Clem Debruin, of Winchester, who sang several selections with band accompaniment.

The Kilty Band was something out of the ordinary and played the stirring Scotch airs in true Highland fashion. The Kilties are real Highland folk and made a novel appearance in their full dress uniform.

September 30. Aladdin Shrine Band.

ALWAYS REMEMBER

When considering your health, purity and freshness should be your supreme aim. We do not know of any medicinal preparation that can equal the power and effectiveness in regulating the bowels, stimulating the liver to action, flushing the kidneys, sweetening the stomach, or cleansing and enriching the blood, than

BULGARIAN BLOOD TEA

This pure all-herb preparation is the favorite Family Medicine in millions of happy homes; physicians and druggists heartily recommend it. Sold by all druggists and grocers everywhere.

Safety + Real Profit

When a business man invests money he wants it to be safe—naturally. But he is also expecting his investment to show him a good profit.

Real safety and high profit are not commonly found in the same investment. But occasionally an issue is offered which combines these two factors—safety and opportunity for profit.

The stock of the Mead Pulp & Paper Company is such an issue. This is why.

This stock is offered in blocks consisting of three shares of 7% Special Cumulative Preferred and one share of Common for \$390. The 7% preferred stock is conservative. It has large assets back of it. It is carefully safeguarded. It has an unbroken record of dividend payments. It pays 7%.

An opportunity for greater profits is provided in the Common stock of the Mead Pulp & Paper Company. Only one share of Common can be purchased with every three shares of Preferred.

Yet the common stock of the Mead Pulp & Paper Company has averaged dividends of 10% per annum during the past ten years—paid in both stock and cash.

In 1921 the output of the mill will be doubled, producing 1-20 of the entire American output of Magazine paper. The entire output of the mill for the next ten years has been contracted for at a price which will show earnings sufficient to pay excellent dividends on the Common stock.

So by combining the Preferred and Common stock of a solid company engaged in a highly profitable business we can offer the business man the ideal combination of safety and seven percent coupled with the opportunity for excellent common stock dividends.

This issue is tax-free in Ohio and will NET the investor nearly twice the income obtainable from a taxable 6% security.

OLYMPIC TRAPSHOOTING CHAMP CAPTURES U. S. TITLE WITH A BORROWED SHOTGUN

F. S. Wright (left) and Mark Arle.

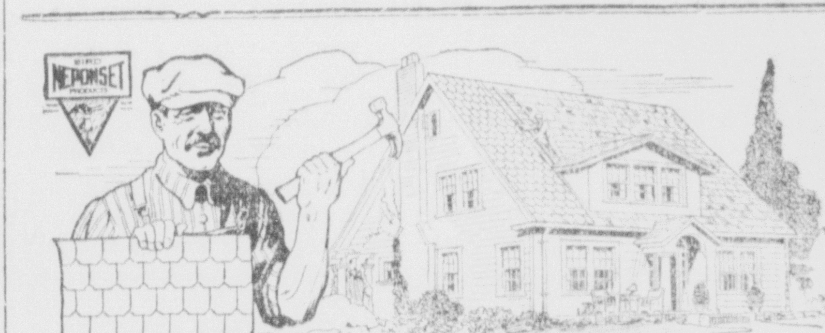

The fact that his own gun was broke halted not Mark Arle, Olympic trapshooting champion, in the Grand American Handicap shoot, recently completed at Cleveland, O. Forced to put his gun in the repair shop before the event started, he borrowed a gun for the shoot. All of which caused him to miss two clay birds in 200. The 198 score was good enough, however, to give him the amateur eighteen-yard title. Frank S. Wright set a record by winning the amateur title at the regulation sixteen-yard distance for the second time.

OLD KETTLE

(By Associated Press)

Marietta, Ohio. — A copper kettle 200 years old is attracting attention in a local jewelry store window. The kettle was brought to Marietta in 1828 by Eliza Henton from Liverpool, England. It belonged to Mrs. Henton's great-grandmother, and was 235 years old when given to Mrs. D. N. Brown 55 years ago. The Brown family is still owner of the kettle.

James William Lowther.

James W. Lowther is retiring as speaker of the British house of commons, a position he has held since 1905. He is a Conservative and has represented the Penrith division of Cumberland since 1886. He was deputy speaker of the house for ten years preceding his election as speaker.

CUT ACREAGE DUE TO LABOR

(By Associated Press)

New York, September 15.—Shortage of labor in the agricultural states is resulting in a reduction of acreage which threatens America's food supply according to the findings of Perley F. Walker, dean of the Kansas University engineering school, made public today at national headquarters of the American Society of National Engineers. The Dean is head of a research committee of the Mid-Continent Section of that society. Dean Walker found population at a standstill or declining in agricultural sections, pointing out that 16 of the 105 counties in Kansas prevented that state from decreasing in population in a decade, the increases all being in industrial sections. "The same thing holds good in Iowa and doubtless in other states for the same period," the Dean reported. Many farmers cannot pay their 1919 debts because the railroads are unable to move their wheat harvest, and they are piling down production, he said. As a remedy, Dean Walker suggested a study by engineers of the economics of transportation and production with a view to systematizing a national fitting of enterprises to localities. This he thought, would work out better distribution of population where needed and would prevent continued inability of the transportation systems to meet the demands upon them.

Ride Farther on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag
